Public Relations (Renee): none

Beautification (Elaine): none

Lyle School District: School District is proposing to put forth, for a third time, another levy request...

Dallesport Water District: (Chris): Jack K. asked that the Water District's employees keep times of when and what districts they are working—different accounts. Don read minutes of last meeting.

County Liaison (Don): no new news...

Public Comment: We have two break-ins in the Dallesport area. Perhaps get a Neighborhood Watch expert as a future speaker.

Mike Smith brought the discussion of Robert's Rules of Order off the table. It was decided that we are running our meetings in proper form that we have been accustomed too in the past. Jeff Eiesland says in an email that Keith Arndt did not 'threaten'. We had three individuals at the meeting confirm they did hear his comment about 'mess with the head of the snake'.

Old Business: We went to our Appeals meeting in Goldendale. Two appeals, first was that we wanted our Comp Plan presented and read unchanged by the county commissioners. That was accomplished, they did hear our plan and now know there are two plans, one not of our doing. Second, is the ADU issue? That proposal was changed before the appeal to change the program to a test area, instead of countywide. The Mayor of White Salmon was not aware that the test plan was in his area and affected an area near the High School and was not informed before now.

New Business: Airport construction delayed a bit, but will hopefully be completed by Oct 2012.

Sundoon Golf Course Project would like to get started as soon as next fall.

Don M. presents the two letters he was asked to write. One to Hospital Board and the other To The Editor.

We need a new event to sell ice cream.

Community Clean-up is June 23rd, Saturday. MM Elaine/2nd Renee- Passed. Elaine will get the trash bags and have them available at the fire dept.

Meeting was adjourned at 8:26 pm

Respectfully Submitted,
Anthony Rizzi, Secretary
