Lyle Class of 2020 Ends Historic Year on Positive Note

Early in the afternoon, June 6, Lyle High School seniors gathered where many of them started their educational journey in the Lyle School District – on the campus of the old Dallesport Elementary. The COVID-19 pandemic had denied them, like their counterparts across the state and country, a traditional graduation ceremony.

Instead, an assortment of cars and trucks transported them, one to a vehicle, on a spirited cruise through Dallesport, along Highway 14, through Lyle and around the Lyle campus. As they approached a small stage in the lower parking lot of the campus, each was invited to step out of the vehicle and walk across a stage to receive their diploma and have photos taken.

The feedback on the event has been overwhelmingly positive, and there's talk already that the cruise may become an annual tradition. You can view video of the last portion of the cruise and the students' walk to accept their diplomas on the district website, www.lyleschools.org. Click on the graduation cap in the banner, which takes you to a page devoted to our graduating seniors. There's also a Virtual Graduation Ceremony which includes speeches from Superintendent Varkados, Principal Smith, several special guests, the valedictorian and salutatorian, announcement of scholarships, baby/childhood photos and lots more.

Graduating seniors Mariah Houston and Krystal Schultze-Meyer were honored as the Class of 2020's Valedictorian and Salutatorian, respectively. Principal Lori Smith noted that the two young women's GPAs differed by the smallest possible margin. Both Krystal and Mariah have attended Lyle School District for 13 years, Kindergarten through 12th grade, along with two other students: Joseph Machado and Braulio Dominguez.

Mariah is one of four seniors graduating with an Associates of Arts degree in addition to her high school diploma, due to her hard work in the school's innovative rural Running Start program. Like Mariah, Eliana Rubio and Adrian Spino earned Associate of Arts Degrees through the Running Start program. Elizabeth Hawkins graduated with an Associate of Science Degree.

Lyle School staff voted to select the students most deserving of the following awards:

) **Citizenship awards:** Joseph Machado, Braulio Dominguez and MaKayla Ross

) **Leadership awards:** Braedon Hovinghoff, Joseph Machado and MaKayla Ross

Teachers also named their top students in the following subjects:

Book Review By Judy Bane "Giver of Stars" by Jojo Moyes

An excellent story!

The greatest love story is the one you least expect....

Alice is stifled, bored, and misunderstood. So when she meets a wealthy and handsome American, Bennett Van Cleve, she is quickly swept off her feet.

Marrying him and moving to America seems like a great adventure - but life as a newlywed in stuffy Baileyville, Kentucky, is not at all that she hoped for.

Until, that is, she responds to a call for volunteers to start a traveling library, surprising herself by saying yes, before her husband can say no....

Led by feisty and rebellious Margery O'Hare, this unlikely group of women travel far and wide on their mission to bring books and reading to those that need it, and Alice finally finds the freedom, friendship and love that she's been looking for.

But not everyone approves of what they are doing, especially her new father-in-law. And when the town turns against them, will their belief in each other and their work be enough?

The Giver of Stars is a mesmerizing tale of female friendship, romance, and the wonder of books and reading, inspired by a remarkable true story.

Good Food Pantry

July 1, 2020 is Grand Opening Day for the *Good Food Pantry*, Lyle's own food bank located at the Lyle Activity Center. Hours of operation will be 10am-1pm and 4pm-6pm on the first and third Wednesdays of the month. For the foreseeable future, mark your calendars with **July 1, 15, August 5, 19, September 2, and 16.**

As a special Grand Opening celebration, volunteers will be handing out free ice-cream to our neighbors. Stop by and cool off...at a distance!

Applications to receive monthly food will be available at the Pantry during open hours. You can sign up and receive your monthly food boxes on the same day. Each month a box of non-perishables, a box of produce, and a box of refrigerated goods will be distributed to each participant. There will be some choice available with certain distributed items.

During the COVID-19 restrictions, the food bank will be run as a drive-thru. Cars can turn up Fourth Street and then line up and park along Klickitat Street and wait for service. All staff will be wearing masks and taking the required

precautions. Volunteer staff would appreciate your returning that favor by keeping the physical distance and following mask-wearing rules when you arrive.

If it's difficult for you to get to the food bank during on these days/times, you can call to let organizers know someone else will be picking up on your behalf. In limited instances, we may have a volunteer willing to deliver to your door until you are able to make arrangements or if you have a permanent handicap. Please be patient with us - we will do our best.

The Lyle Food Bank is looking for more volunteers; if you'd like to participate, or wish to discuss your specific needs, please call 509-281-0884.

From the Governor

We're mandating facial coverings in Washington. This is about saving lives. It's about reopening our businesses. And it's about showing respect and care for one another. Mask up, Washington. Let's beat this virus.

"When you wear a mask, you say I Respect You."

Community Council Corner

The Covid-19 pandemic has changed our lives for the time being. Government has decided to honor social distancing and health safety guidelines that indicate that new measures will be in place that are designed to protect the public from this pervasive health threat. With positive cases now present in every community of Klickitat County it is unwise to hold public meetings and gatherings:

Proclamation 20-05 to prohibit public agencies as follows:

"Any public agency, subject to RCW 42.30, is prohibited from conducting any meeting, subject to RCW 42.30 unless (a) the meeting is not conducted in-person and instead provides an option(s) for the public to attend the proceedings through, at minimum, telephonic access, and may also include other electronic, internet or other means of remote access, and (b) provides the ability for all persons attending the meeting to hear each other at the same time."

Remote meeting resources include the Department of Enterprise Services Master Contract for teleconferencing and web-based meeting platforms, which can be found here:

<https://www.governor.wa.gov/sites/default/files/proclamations/20-28%20-%20COVID-19%20Open%20Govt%20Laws%20Wai%20vers%20%28tmp%291.pdf>

Therefore, until further notice there will be no Community Council in person meetings or gatherings.

We are working to have public meetings electronically via a platform like Zoom where the public are invited to attend electronically and may be called upon to ask questions, give feedback or make requests. I have participated in several of these and they go well if the participants wait to be called upon, have adequate internet service speeds to prevent loading and transmission delays, and follow directions.

We will endeavor to have such a meeting on the **second Thursday of July at 7 PM. The meeting will be approximately one hour in length.**

I want to conclude with a word about how important it is to continue the work of representing the people's will and support their cases and issues while informing our elected Public Officials and in particular the Board of County Commissioners and our Police Department of our needs and wishes. We function as an information conduit and will continue in these functions.

I know that we are all very tired of restrictions and distancing. Let us not

allow our endurance to weaken to the extent that we begin to pretend that this danger to our community health is no longer present or is unimportant. It is tempting to just get life back to normal but the data and the science available to us is clear in showing that we are not finished with this threat that we, as the public have handled well so far. Pretending that this threat is overblown, exaggerated or non-existent is irresponsible and dangerous. As a community we have the obligation to protect each other. Stay safe.

Dallesport Fire and Rescue Protection District 6

By W.J. Morris

In 1966 the Dallesport Fire District came into effect. The Maintenance and Operations levy amount is currently at .40 cents, per thousand assessed dollars and has been at this amount for several decades.

While costs have continued to climb, especially fuel, tires and parts costs. Over the last 50 years, Fire Fighter equipment and protection gear prices, as well as utility services have skyrocketed.

The Dallesport Fire District needs to raise the Maintenance and Operations levy amount to .90 cents per thousand assessed dollars to cover these increases. This will be a permanent Levy Lid Lift.

In December of 2019 the Fire engine Bond was paid off and this new Maintenance and Operations Levy will in essence **not be a tax increase**. The Dallesport Fire District has always appreciated residents and tax payers in the district and now asks for the public's support. The Volunteers of the Dallesport Fire and Rescue Protection District 6 ask that you vote to APPROVE the Fire District Levy during the **August 2020 Primary Election**. The Dallesport Fire District budgets are being strained and depleted. In order to continue to provide the necessary services that Fire District 6 provides today, we ask for your support and that you approve this Levy Lid Lift. Thank you.

Fireworks are on sale now through the 4th. at 3rd. St. & Dallesport Rd. Stop by and support our local Fire District #6.

LYLE SCHOOL DISTRICT #406

Our Valedictorian and Salutatorian

Graduating seniors **Mariah Houston** and **Krystal Schultze-Meyer** have been announced as the Class of 2020's Valedictorian and Salutatorian, respectively.

Principal Lori Smith said that the two young women's' GPAs differed by the smallest possible margin – a couple of hundredth's was all that separated them.

Mariah most enjoyed English of all of her high school classes and kept busy in her spare time by participating in

volleyball, basketball, and track. She will remember junior prom most fondly, though.

Mariah says she hopes to become successful in whatever field calls out to her, perhaps as a veterinarian or a nurse.

She has already knocked off two years of whatever college degree she pursues, because she is one of our seniors graduating with an Associates of Arts degree due to her hard work in the school's innovative rural Running Start program.

Krystal's favorite subject is science and, for her, a marine biology trip is her favorite school memory. Krystal also enjoyed participating in track.

What is Krystal's dream job? She's like to become a veterinarian technician. Whatever career path she takes, she says she hopes "to be successful in my career and have a rewarding life."

Both girls are taking a "gap year" first, before pursuing their career plans.

Students Graduating with a Two-Year College Degree, in Addition to High School Diplomas

Four Lyle High School graduating seniors of the Class of 2020 will not only receive their high school diplomas -- they'll graduate with an Associates of Arts degree for work completed as part of a unique on-site Running Start program offered in Lyle. Those graduates are: **Mariah Houston, Eliana Rubio, Lizzie Hawkins, and Adrienne Spino.**

There is one two-hour rehearsal for everyone each week, with a separate hour-long work session on an additional evening.
